Dear Nigel,

I really wanted to take this opportunity to thank you for all your time, effort and professionalism in supporting the Regional Growth Team during the last 12 months.....

..... During the meetings I have attended, I have been so impressed with the quality of analysis and debate on all of our projects. Many were not successful for the right reasons and many.... have benefitted from your wisdom, advice and scoring. I know there was an excessive amount of reading, number crunching and heart searching to undertake, which is why I am so grateful.....

.....Thank you again for your sterling contribution.

Yours sincerely,

Ron Crank

Chief Executive
